Product Code:

GL-SASR-946

GL-SASR-1G

Available Sizes:

32 oz spray bottle

1 gallon

Dilution:

Ready-to-Use

1:1 if desired

DESCRIPTION:

Stain-Away is a highly effective eco-safe cleaner that removes the most difficult stains, and is as powerful as those cleaners that contain acids. This advanced acid-replacement technology cleaner contains no acids, abrasives, phosphates, and has no VOCs.

Stain-Away removes soap scum, calcium and lime deposits, rust stains, mineral stains, and hard water spots and virtually any other difficult stains or deposits. Works in and around drains, toilets and showerheads to remove encrustations and stains.

Use Stain-Away for many non-household applications such as automotive, marine and RV. Stain-Away is a superior and safe method to remove hard water spotting, brake dust, clean rims & wheels, clean boat bottoms (i.e., remove barnacles, salt/calcium/lime build-up, tannic acid staining, etc.) from these valuable assets.

Stain-Away can be used to clean calcium, lime and efflorescence from brickwork, and to clean tile and grout around pools.

DIRECTIONS:

Ready-to-Use

Spray directly onto surface, let stand for 1-2 minutes, brush or scrub, if necessary. Rinse thoroughly with water.

For heavily encrusted surfaces spray on surface, allow product to dwell for 10–15 minutes, brush or scrub if necessary and rinse thoroughly with water, and repeat if necessary. Do not leave product on metal surfaces for long durations, and always rinse thoroughly.

Industrial Strength

Dispense into spray bottle and dilute 1-to-1 with water, if desired. For heavier-duty action dilution is not required.

Spray directly onto surface, let stand for 1-2 minutes, brush or scrub, if necessary. Rinse thoroughly with water.

For heavily encrusted surfaces spray on surface, allow product to dwell for 10–15 minutes, brush or scrub if necessary and rinse thoroughly with water, and repeat if necessary. Do not leave product on metal surfaces for long durations, and always rinse thoroughly.

CAUTIONS:

Irritant.

Avoid contact with eyes and skin.

May cause irritation to eyes and skin.

Keep out of reach of children.
